

# ADHD Assessment Clinic

**Jonathan Perle**, PhD, ABPP – Director

## WVU Medicine Chestnut Ridge Center

930 Chestnut Ridge Rd  
Morgantown, WV 26505

### Services Provided:

- Three comprehensive evidence-based sessions to evaluate for attention-deficit/hyperactivity disorder (ADHD) and co-occurring issues

### Requirements:

- 4-11 years of age
- Concerns of ADHD
- The child and primary caregivers must be willing to attend and participate in the evaluation to ensure all important information is covered.
- The family must be able to have teachers or other indicated individuals complete questionnaires provided by the treatment team.

### Note:

- This evaluation focuses on the symptoms of ADHD and co-occurring concerns but does not provide cognitive/IQ or academic/learning testing.
